

RG59 Black Coaxial cable 75 Ω , 200 m Roll

FCS RG59BUC2

RG59/U coaxial cable for CCTV/security camera installation. Available with solid copper conductor and Braided copper shield with 85% coverage and dielectric is solid PE.

Black jacket with meter-marking.

Supplied on 100 or 200 m coil or 500 m drum.

Specifications

- PVC black outer jacket
- Nominal core diam.: 0.58 mm
- Nominal jacket outer diam.: 6.10 mm
- Braid shield : $\approx$ 85% CCA
- Inner conductor: solid
- Bending radius min.: 30 mm
- Operating temperature range: -20 °C to +60 °C
- Impedance (nom.): 75 Ω (+/- 3 Ω) at 200 MHz
- Velocity of Propagation (nom.): 66 %
- Maximum operating frequency : 1 000 MHz
- Capacitance (nom.): 70+/- 3 pF/m at 1 kHz
