

## Free-standing microwaves

Ref.: **GE2626S**

## Product highlights

| GENERAL         |               |
|-----------------|---------------|
| Brand           | BRANDT        |
| Commercial code | GE2626S       |
| EAN code        | 3660767954014 |
| Customs code    | 85165000      |

### FEATURES

|                     |                                                                                                                                           |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Construction type   | Freestanding                                                                                                                              |
| Microwave oven type | <FR value not found>                                                                                                                      |
| Colour              | Silver                                                                                                                                    |
| Control type        | Buttons                                                                                                                                   |
| Display             | <FR value not found>                                                                                                                      |
| Functions           | Stop turntable - Start - Clock - Speed defrosting - Self programme - Cancellation - Cooking Method - Memories - Programming time - Weight |
| Timer (min)         | 95                                                                                                                                        |
| Door opening        | Lateral                                                                                                                                   |
| Power levels (W)    |                                                                                                                                           |
| Number of powers    |                                                                                                                                           |
| Connectivity        |                                                                                                                                           |

### PERFORMANCE

|                                     |             |
|-------------------------------------|-------------|
| MW max. power (W)                   | 1450        |
| MW max. power output (W)            | 900         |
| Fan assisted max. power (W)         | 00          |
| Fan assisted power output (W)       |             |
| Grill max. power (W)                | 1000        |
| Grill power output (W)              | 1000        |
| Cavity capacity (L)                 | 26          |
| Dimensions of the cavity HxWxD (mm) | 226X328X344 |
| Cavity material                     | Enamelite   |
| Number of MW outlets                | 1           |
| Diameter of the turntable (cm)      | 32          |
| Removable turntable                 | 00          |
| Door opening light                  | Yes         |

### COOKING FUNCTIONS

|                      |  |
|----------------------|--|
| Cooking programme 1  |  |
| Cooking programme 2  |  |
| Cooking programme 3  |  |
| Cooking programme 4  |  |
| Cooking programme 5  |  |
| Cooking programme 6  |  |
| Cooking programme 7  |  |
| Cooking programme 8  |  |
| Cooking programme 9  |  |
| Cooking programme 10 |  |
| Cooking programme 11 |  |
| Cooking programme 12 |  |

### ACCESSORIES AND EQUIPEMENT

|                      |           |
|----------------------|-----------|
| Accessories supplied | Wire rack |
|----------------------|-----------|

### SAFETY

|               |                         |
|---------------|-------------------------|
| Safety device | Electronic child safety |
|---------------|-------------------------|

## Free-standing microwaves

Ref.: **GE2626S**

| INSTALLATION                                 |             |
|----------------------------------------------|-------------|
| Fuse (A)                                     | 10          |
| Voltage (V)                                  | 230         |
| Frequency (Hz)                               | 50          |
| Dimensions of the unboxed product HxWxD (mm) | 305X513X425 |
| Dimensions of the packed product HxWxD (mm)  | 362X579X460 |
| Length of power supply cord (cm)             | 100         |
| Net weight (kg)                              | 15.52       |
| Gross weight (kg)                            | 17.52       |

| LOGISTIC                      |                |
|-------------------------------|----------------|
| Parcel size (HxWxD mm)        | 360X580X580    |
| Net parcel weight (kg)        | 17,52          |
| Size of the pallet (HxWxD mm) | 1950X1000X1200 |
| Number of products per parcel | 1              |
| Number of parcels per layer   | 4              |
| Number of layers per pallet   | 20             |

| MANUFACTURING                       |       |
|-------------------------------------|-------|
| Country of origin                   | China |
| Availability of spare parts (years) |       |
| Repair index                        |       |
