

## Simple winding-unwinding

Used as a winder, the PKCO enables you to unwind a coil

- The removable handle allows quick work
- It is well adapted to reconditioning from one spool or one light cable reel (about 30 kg max)
- 3 tray diameters: 400 mm, 600 mm, 800 mm
- Inner diameter adjustable: by increasing the distance between the 6 vertical pins

| Model                  | Ø of the tray | Adjustment of the tray Ø | Height of the pins | Dimensions                  | Weight  | Code            |
|------------------------|---------------|--------------------------|--------------------|-----------------------------|---------|-----------------|
| PKCO 400 tabletop      | 400 mm        | 110 to 230 mm            | 170 mm             | 430 x 315 x H 300 mm        | 5 kg    | <b>E3001400</b> |
| PKCO 600 tabletop      | 600 mm        | 145 to 400 mm            | 210 mm             | 615 x 470 x H 345 mm        | 7 kg    | <b>E3001600</b> |
| PKCO 800 tabletop      | 800 mm        | 145 to 500 mm            | 210 mm             | 800 x 615 x H 345 mm        | 9.1 kg  | <b>E3001800</b> |
| PKCO 400 freestanding  | 400 mm        | 110 to 230 mm            | 170 mm             | 430 x 315 x 300 mm + pied   | 22 kg   | <b>E3001410</b> |
| PKCO 600 freestanding  | 600 mm        | 145 to 400 mm            | 210 mm             | 615 x 470 x H 345 mm + pied | 24 kg   | <b>E3001610</b> |
| PKCO 800 freestanding  | 800 mm        | 145 to 500 mm            | 210 mm             | 800 x 615 x H 345 mm + pied | 26.1 kg | <b>E3001810</b> |
| measuring device M3-B  | -             | -                        | -                  | 250 x 130 x H 140 mm        | 1.8 kg  | <b>E3350002</b> |

| Cable-cutting pliers   | -             | -                        | -                  | -                           | 0.5 kg  | <b>E3400006</b> |

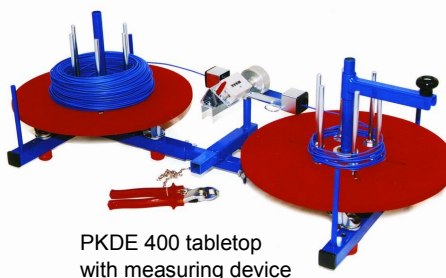

# PKDE

## Double winder-unwinder

- The first tray can be used to wind off a coil
- The second tray, which is equipped with a removable crank, can be used to create another coil
- M3-B measuring device (for a maximum diameter of 35 mm)
- 3 tray diameters: 400 mm, 600 mm, 800 mm
- Inner diameter adjustable: by increasing the distance between the 6 vertical pins

2 versions :

- Tabletop model fitted with anti-slip pads
- Freestanding model, height: 600 mm

PKDE 600 freestanding with M3-B measuring

PKDE 400 tabletop with measuring device

### OPTIONS (for PKCO and PKDE)

- M3-B measuring device (22 mm max Ø)
- M3-B measuring device (35 mm max Ø)
- Cable-cutting pliers, with small chain

| Model                  | Ø of the tray | Adjustment of interior diameter | Height of the pins | Dimensions             | Weight  | Code            |
