

Product End of Life Instructions

WLBL ONE WAY SWITCH

End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	1	Electronic Board (Power) > 10cm²	6.4	Harvester Assembly + Switch PCBA
To be depolluted	1	Plastic parts with brominated flame retardants	13.1	PC with brominated flame retardants

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	Connected wireless batteryless (WLBL) switch is powered by an cinectic energy harvester and commands a lighting load through actuators, using by BLE protocol of communication.
Product reference	S520104
Total representative product mass	40 g including Instruction Sheet and without Packaging
Representative product dimensions	71 mm x 71 mm x 34 mm
Date of information release	11/2021

Additional information

Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.	
In case of special transportation: transportation method	No special transportation required	
Recyclability potential	41%	Based on "ECO'DEEE recyclability and recoverability calculation method" (version V1, 20 Sep. 2008 presented to the French Agency for Environment and Energy Management: ADEME).
