

Product End of Life Instructions

TEMPERATURE & HUMIDITY SENSOR

End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
Potential hazards	1	Battery	6.4	Li-ion Coin Battery
Potential hazards	2	PCBA	1.18	

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	The main purpose of the product is to sense temperature and humidity, and maintain comfort zone in the closed environment.
Product reference	CCT593012
Additional similar product references	CCT593011; CCT593011_AS; CLP593011; 550B1024; PDL593011; EKO07219;
Total representative product mass	26.8 g
Representative product dimensions	45mm X 45mm X 17mm
Accessories	No
Date of information release	12-2024

Additional information

Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.
In case of special transportation: transportation method	No
Recyclability potential	2% The recyclability rate was calculated from the recycling rates of each material making up the product based on REEECYLAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the EIME database and the related PSR was taken. If no data was found a conservative assumption was used (0% recyclability).
