

To measure a cable without having to unwind it

One end of the cable is sufficient

Compatible with all cables, whether flexible or rigid, providing that they have at least 2 isolated conductors

- Digital display.
- Measurable lengths: 5 to 1,999 meters
- Power sources from four LR6 batteries
- Less cumbersome: L 158 mm x l 95 mm x H 33 mm (weight : 350 g)
- Delivered with 2 crocodile clips and a box

Code EVCM3000

Method of use

To complete and validate the table provided, it is necessary to test the device with an identical cable, whose length is known, and greater than or equal to the length required
