

BICOM432-40-WM1

Type: BICOM432-40-WM1

Ordering code: 22.459.113.003

BICOM432-40-WM1 is accessory of Smart Meter. It is used for switching On or Off the electrical load up to 32A. Communication with Smart Meter: optical (IR) communication port.

Characteristics:

Voltage: 230V \pm 10%, 50-60Hz

Current: 32A, 4pole

Operation temperature: -25 ... 55°C (>55 ... 70 at max. impulse duration which is 1min)

Storage temperature: -30 ... 80°C

Dust/water protection: IP20

Weight: 250g

Brutto weight (packaging included): 270g

Installation: DIN rail 35mm

Dimensions (W x H x D): 35,2 x 90 x 60mm

Package dimensions (W x H x D): 40 x 95 x 70mm

Coil consumption: 0.5W

Additional information is given in the technical specifications.
